OPERATION

1. DC OPERATION

Put insert the USB-DC power cord to DC 5V IN JACK.

2. BATTERY OPERATION

The radio comes with a built in rechargeable battery, the battery visible from any side and is mounted internally near the PCB. The additional battery slot is provided, but does not come with additional batteries. Charge the radio fully on receiving the product with the adapter provided in the box. Once fully charged the radio gives 4 of backup for Radio and 2 Hours for Bluetooth / USB Playback.

3.RADIO OPERATION

1. Turn on the power by the power ON/OFF switch ⑤
- 2.Set the band switch ③ to the AM/FM/SW position which you desired
- 3.Tune the Tuning knob ② to select the radio stations you desired
4. Adjust the voice by tuning the volume control ④

4.USB/TF/BT FUNCTION OPERATION

Tune the function switch ③ to USB position, insert the USB/TF/BT card into the slot to play the MP3 songs. For Bluetooth function. Search on your mobile, **PG-Retro** to and play songs from your mobile, laptop, PC.
